## **Super 8 Make Over**

The Regina Hotel Association (RHA) congratulates the Super 8 hotel on the completion of their estimated \$4.5 million expansion and renovation project in Regina, Saskatchewan.

Located at 2730 Victoria Avenue East, Super 8 expanded its existing property. The construction included a new four-story building with 48 guest rooms, a contemporary reception and a new breakfast area serving complimentary hot continental breakfast. In addition, the new business centre and laundry area provide added value to out-of-town guests. Final touches are currently underway to refurbish the original 60 rooms.
